TOURING SULLIVAN COUNTY'S MUSEUM . . . while dusting

We've just had the Primary election on Tuesday and Veterans Day is coming up on Saturday. A fact simply stated but what does it all mean? It means that you have rights that some countries don't have. But, it means more: it is a given right by those who have gone before throughout generations. Going back to 1776, the war of 1812, the Civil War in the mid 1860s, WWI and WWII, Korean, Vietnam and all over the middle East; have established your right to cast your ballot. In terms of our freedom, men and women from here in Sullivan County and across this nation have come honestly to the phrase "All gave some, some gave all".

We here at home honor our service members and veterans in ceremonies at local VFWs and Legions but should we not recognize and applaud them on a daily basis.

A soldier anywhere, signs a blank check when enlisting for "up to and including my life". So, if you know a soldier or a veteran, remember their check and remember to thank them – their check was signed by you.

For information or research on this and many other topics concerning the history of Sullivan County, you can contact us by phone at 570—946-5020 or email [mucsum@scahistory.com](mailto:mucsum@scahistory.com) for an appointment.
